Principal Message:-

Our College established during 2008, till today we are functioning like a crippled being without sufficient space to conduct Teaching and Learning process. We share accommodation with Junior College and work only in one session. This is the reality.

In order to overcome these hurdles, we are trying to get alternate accommodation in the Veeraghattam town. There is an unfinished hostel building lying idle, constructed by APEWIDC for girl students of Girls High School in Veeraghattam. We made a representation to the District Collector, Srikakulam for allotment of that building temporarily to us after getting the finishing works done by the contractor. We represented the matter to Local MLA and MLC also, wherein they forwarded our representation to the District Collector.

International women's day : Dated : 08-03-2025

Conducted international women's day PROGRAMME on 8th MAR in the college. Achieving gender equality and women's well-being in all aspects of life is more crucial than ever if we want to create prosperous economies and a healthy planet. However, we are facing a key challenge: the alarming \$360 billion annual deficit in gender-equality measures by 2030.

Join us on March 8, 2025, for International Women's Day under the theme 'Invest in women: Accelerate progress', and take a stand with us using the hashtag #InvestInWomen.

In this regard all the students and lecturers are attended. Some of the lecturers delivered their speech.

International day of forests : Dated : 21-03-2025

Conducted the awareness programmed of international day of forests on 21st MAR ,2025. Forests are viewed as the lungs of the planet. Trees filter the air by decreasing CO2 and helping maintain a balance in the environment. They are fundamental for sustaining life on the planet and play a significant part in battling climate change. In any case, the danger of deforestation and degradation threatens the survival of forests around the world.

To bring issues to light of their significance, 21 March is International Forest Day, a day that welcomes us to ponder their significance and to invest in their conservation and care.

This year, the International Day of Forests 2025 is outlined under the theme "Forests and innovation: new solutions for a better world", the essential role of technology and innovation in the safeguarding of forest ecosystems.

In this regard all the lecturers are attended. Some of the lecturers delivered their speech.
